

O₂ Gas Sensor to Spirometer Adapter

(Order Code O2-SPR)

The O₂ Gas Sensor to Spirometer Adapter allows the user to connect an Oxygen Gas Sensor to a Spirometer. Respiratory volumes and oxygen concentrations of inhaled and exhaled air can then be recorded simultaneously. The bacterial filter that comes with the Spirometer is attached to the inlet of the adapter to keep the system sterile.

NOTE: This product is to be used for educational purposes only. It is not appropriate for industrial, medical, research, or commercial applications.

Important Additional Information

- Do not autoclave. Wash the adapter using mild liquid dishwashing detergent. Rinse with tap or distilled water and allow to air dry.
